If you have questions or comments, and you are unable to make the meeting, forward to the Village Manager at imusl@lawtonmi.gov.

#### **VILLAGE OF LAWTON**

## Regular Meeting Minutes – Tuesday July 12, 2022, at 7:00 p.m. Village Hall – 125 S. Main Street, Lawton MI 49065 WWW.LAWTONMI.GOV 269.624.6407

#### **MINUTES**

- I. CALL TO ORDER: President Appleby called the July 12 2022, meeting of the Lawton Village Council to order at 7:01 p.m.
- **II. PLEDGE OF ALLEGIANCE -** The Pledge of Allegiance was recited.
- **III. ROLL CALL:** Present: President Appleby. Trustees: Tanis, Smith, Turner, E. Dudek, G. Dudek, Peterson, Turner Others present: Village Manager Imus, Village Clerk Rathbun, Library Director Tone, and Superintendent Hackenberg, Library Director Tone, and 5 guests.
- IV. CONSENT AGENDA: The Consent Agenda included the approval of the June 14 and June 28 Council Meeting Minutes, approval of the July 12, 2022 Council Agenda, and approval of the June 2022 disbursements in the amount of \$171,456.59, with addition of repair request from Hackenberg. Peterson made a motion to approve the Consent Agenda, supported by E. Dudek Smith. A unanimous roll call vote approved the motion.
- V. COMMUNICATIONS, CORRESPONDENCE AND PRESENTATIONS: Imus provided information about Senator Nesbitt providing an earmark for the village of Lawton's Water and sewer expenses. President Appleby reported that the village received two awards, one for Economic Development within the county, and one for being the Municipal Trailblazer in regards to the Master Plan, grants, and downtown streetscape.
  - VI. CITIZENS' COMMENTS: Heather mentioned that Summerfest was overall a success, but there were a few community concerns for events regarding the amount of police presence. She stated next year the Summerfest Committee will need more volunteers, as well as a better police presence to keep things under control. There was a lot of concern about open container drinking throughout the day and evening. She stated we need a better police presence, with reserves, because of the amount of public drinking, as well as restaurants to work with the committee to state the rules that there is no drinking on the street, and we do not have a Social District, and signs up next year to avoid the issues.

Library Director Tone brought up that the Library has a lot of Summer Programming, including a juggler tomorrow at 3pm. She stated each program has had at least 75 participants so far and its been a big hit.

Matt Nelson provided some information about himself, as he is running in the primary to

replace Beth Griffin once her term is finished. He introduced himself, wanted to explain why he wants to run, and how he would like to help the community.

#### VII. EXISTING BUSINESS:

A. Village Manager Imus recommended consideration of Resolution 16-22, a resolution approving the conversion of Union Street to a one-way between M-40 and West Street. In order to bring the resolution to the floor, Turner made a motion to approve this Resolution, supported by Smith. Council discussion ensued about how the village can get this done, as it will be switched to a one way once the streetscape is redone anyway, so this may be better to have people get used to the change. MDOT will need to approve this, so Superintendent Hackenberg will contact MDOT to find out what we would need to do. Voice vote was taken, all in favor, none opposed, motion carried.

#### **VIII. NEW BUSINESS:**

- A. Village manager Imus recommended Consideration of Ordinance 203 of 2022, an ordinance to authorize the sale of the village owned real property. E. Dudek motioned and Smith seconded to adopt Ordinance 203 to authorize the sale of the village owned real property. A roll call vote was taken, all in favor, none opposed. Ordinance passed.
- B. Manager Imus recommended Consideration of Resolution 15-22, a resolution granting the Michigan Department of Transportation (MDOT) consent to grade Village property. Turner motioned to adopt Resolution 15-22 to grant MDOT consent to grade Village property. G. Dudek supported motion, voice vote taken, all in favor, none opposed. Motion carried.
- C. Superintendent Hackenberg reported that the village has a truck and trailer that needs to be fixed, with repair amount estimated at \$9,990. Peterson moved to approve the repair of Village Truck 102 the 1999 International Dump truck for the amount not to exceed \$11,000 total. Support from Turner, all in favor none opposed. Motion carried.

#### IX. BOARD, COMMITTEE, AND STAFF REPORTS:

- A. Imus reported that the farmers market is going to move to the Reid Property between Wagoner's and Big T's. She reported that the parking lot next to Modern Well could has potential to be sold to Modern Well with repair rather than leased. Imus also reported that Welch's has not yet signed the IFT, we are still waiting on a reply from them. The next contract for the DPW Union meeting is on July 27<sup>th</sup>. The village is looking to close on the Reid property in Mid-August, we do currently have a lease to purchase. The grant award announcements in regards to the streetscape and water and sewer connections will be on July 26 and 27<sup>th</sup>. In August the village will be doing a budget amendment, by beginning of August, she is hopeful we should know what we are receiving for our personal property taxes. Imus reported that we did receive the estimates back for the Pickleball Courts, which came out over budget, so we are still in the bidding process. Imus reported we need a water and sewer committee meeting.
- **B.** Rathbun reported emails and text messages are subject to FOIA, so following a retention schedule is important.
- C. Hackenberg reported the splash pad has been cleaned twice. The Waste Water

Treatment plant did PFOS test to see what the levels are at. This is the first year that this is being tested, no issues are expected. White Oak Road house is scheduled to be disconnected and demolition to follow. He confirmed that the White Oak Road project can be bid out in 2024 and budgeted in 2025 to ensure reconstruction after MDOT's detour. Water tower inspection and cleaning is scheduled to be completed between July 18-22. Hackenberg reported to the council that the 2006 water truck will need to be replaced in the next budget year, and there is a 10-12-month lead time. The replacement cost on this truck is \$80,000. Hackenberg also included a report for the past three years of water production, and a list of vehicles and equipment.

- **D.** Police Department reports were submitted via the agenda packet posted online.
- **E.** Peterson reported that the Planning Commission met in July with a quorum to discuss a Master Plan and zoning changes.
- **F.** G. Dudek reported that the Downtown Development Authority did not meet. Dunk Tank made about \$180.
- **G.** E. Dudek reported that the Fire Department had a relatively slow month. They had a memorial service for Croenwett.
- **H.** Tone reported that the Library Board met, and there are more people signed up for the summer reading program than we have ever had before. Biggby and the Modern Well have donated prizes.
- **X. COUNCIL COMMENTS:** Smith reported the Little League fields are putting in a new T-Ball field and removing trees. Imus reported that a police committee meeting as well as a water and sewer committee meeting are needed for the near future. The village council will meet for committee of the whole meeting Tuesday August 9, 2022 at 5:30 pm.
- XI. ADJOURNMENT: E. Dudek supported by Turner, made a motion to adjourn the meeting at p.m. A voice vote was taken with unanimous approval of those present. The next Village Council Meeting will take place on August 9, 2022 at 7pm.

Respectfully Submitted by

Brittany Rathbun, Lawton Village Clerk

Subject: DPW and WWTP Phone and Internet

I have researched another company for internet and phone for the DPW and WWTP. Todd has complained on numerous occasions on how slow the internet connection is and how we pay too much for such a low connection.

We-currently pay Frontier between \$600.00-650.00 a month for 4 phone lines and internet for DPW and WWTP. I have included the most recent bill.

Comcast has a higher download speed than Frontier (up to 1.25 Gigabits per second). I have asked Todd to run a speed test and the results show that the internet connect is very slow. To give you an idea of how slow their internet speed is, our office runs about 105.5 megabits per second to download and 93.16 megabits per second to upload. DPW runs about 1.56 megabits to download and .60 megabits to upload.

Included are the Comcast quotes for each building (DPW and WWTP). There is a one-time fee for installation (\$144,90 WWTP \$119.95 DPW) so excluding those fees the 36-month contract will be \$639.75 a month (\$369.90 WWTP \$269.85 DPW). This amount will remain consistent, unlike Frontier, which fluctuates each month.

I also looked into internet service at the Chancey Lewis Park. Frontier does not have a fast enough bandwidth for streaming services. Comcast does and a 36-month contract is a total of \$179.90 a month with a one-time fee of \$119.95.

#### **AGREEMENT**

- 1. This Comcast Business Service Order Agreement ("Agreement") sots forth the terms and conditions under which Comcast Cable
  Communications Management, LLC and its operating affiliates ("Comcast") will provide the Services to the above-named customer
  ("Customer"). This Agreement consists of this document (this "SoA"), the Business Services Customer Terms and Conditions (the "Terms and Conditions"), and any jointly executed amendments ("Amendments") entered under the Agreement. In the event of inconsistency among these documents, the order of precedence will be as follows: (1) Amendments, (2) Terms and Conditions, and (3) this SoA. This Agreement shall commence and become a legally binding agreement upon Customer's execution of the SoA. The Agreement shall terminate as set forth in the Terms and Conditions, The Terms and Conditions are located at <a href="https://business.comcast.com/terms-conditions-smb">https://business.comcast.com/terms-conditions-smb</a>. Capitalized terms not otherwise defined in this SoA shall have the meaning ascribed to them in the Terms and Conditions. Use of the Services is also subject to the then-current Acceptable Use Policy for High-Speed Internet Services (the "AUP") located at <a href="https://business.comcast.com/customer-notifications/acceptable-use-policy">https://business.comcast.com/customer-notifications/acceptable-use-policy</a> (or any successor URL), and the then-current Privacy Stätement (the "Privacy Policy") located at <a href="https://business.comcast.com/customer-notifications/acceptable-use-policy">https://business.comcast.com/customer-notifications/acceptable-use-policy</a> (or any successor URL), both of which Comcast may update from time to time.
- 2. Each Comcast Business Service ("Service") carries a thirty (30) day money back guarantee. If within the first thirty (30) days following installation of a new Service, Customer is not completely satisfied, Customer may cancel the Service and Comcast will issue a refund for the monthly recurring charge paid for the first thirty (30) days of Service, excluding any custom installation fees, voice usage charges, fees; taxes, surcharges and other charges. In order to be eligible for the refund, Customer must cancel the new Service within thirty (30) days of installation and return any Comcast-provided equipment in good working order. In no event shall the refund exceed \$500.00. If Customer uses the Service in the first thirty (30) days, Customer will be refunded its subscription fees, but charged the applicable one-time fee. For the avoidance of doubt, this money back guarantee does not apply to renewals of an existing Service.
- 3. To complete a Voice order, Customer must execute a Comcast Letter or Authorization ("LOA") and submit it to Comcast, or Comcast's third party order entry integrator, as directed by Comcast.
- 4. New telephone numbers are subject to change prior to the install. Customers should not print their new number on stationery or cards until after the install is complete.
- 5. Modifications: All modifications to the Agreement, if any, must be captured in a written Amendment, executed by an authorized Comcast Vice President and the Customer. All other attempts to modify the Agreement shall be void and non-binding on Comcast: Customer by signing below, agrees and accepts the Terms and Conditions of this Agreement.
- 6. IF CUSTOMER IS SUBSCRIBING TO COMCAST'S BUSINESS DIGITAL VOICE SERVICE, CUSTOMER, BY SIGNING BELOW, ACKNOWLEDGES RECEIPT AND UNDERSTANDING OF THE FOLLOWING 911 NOTICE:

#### 911 Notice

911 Email Notification- if 911 is dialed using the Voice Service, Concast will send a notification to the Customer designated email address, unless the Customer has opted out of receiving such notifications. Each notification will include the telephone number from which 911 was dialed, location information, and the time the call was placed. After installation of the Voice Service, Customer may change the designated email address and/or decision to receive notifications by calling Corncast at 1-888-824-8104.

Your Comcast voice service ("Voice Service") may have the following 911 limitations:

<sup>&</sup>lt;sup>1</sup> Charges Identified in the Service Order Agreement are exclusive of maintenance and repair charges, and applicable federal, state, and local taxes, fees, surcharges and recoupments (however designated).

Non-Recurring Charges in the Service Order Agreement reflect activation and installation fees for this order. This excludes any custom installation fees,

- · For 911 calls to be properly directed to emergency services using the Voice Service, Customer must provide the correct address information ("Registered Service Location") for each telephone number used by Customer. The Registered Service Location may also include information such as floor and office number.
- If the Voice Service or any Voice Service device is moved to a different location without Customer providing an updated Registered Service Location, 911 calls may be directed to the wrong emergency authority, may transmit the wrong address, and/or the Voice Service (including 911) may fell altogether. Customer's use of a telephone number not associated with its geographic location, or a failure to altot sufficient time for a Registered Service Location change to be processed, may increase these risks.
- If a Registered Service Location is deemed to be in an area that is not supported for 911 calls, Customer 911 calls will be sent to an emergency call center where a trained agent will ask for the caller's name, telephone number, and location, and then will contact the local emergency authority.
- The Voice Service uses electrical power in the Customer's premises, if there is an electrical power outage, 911 calling may be interrupted. if back-up power is not installed, fails, or is exhausted. Voice Services that rely on a broadband connection may also be interrupted if the broadband service fails,
- · Calls using the Voice Service, including calls to 911, may not be completed if there is a problem with network facilities, including network congestion, network equipment, and/or power fallure, a broadband connection failure, or another technical problem.

Registered Service Location Updates. The Registered Service Location will be provided to Public Safety Answering Points to assist in responding to a 911 call. Customer may update or otherwise customize the Registered Service Location by:
- Calling Comcast at 1-888-824-8104

BY SIGNING BELOW, CUSTOMER ACKNOWLEDGES THAT IT HAS READ AND UNDERSTANDS THE FOREGOING 911 NOTICE AND THE 911 LIMITATIONS OF THE VOICE SERVICE.

#### **FINANCIAL STATEMENTS**

Year ended February 28, 2022

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Village of Lawton's (the Village) financial performance provides a narrative overview of the Village's financial activities for the fiscal year ended February 28, 2022. Please read it in conjunction with the Village's financial statements.

#### **FINANCIAL HIGHLIGHTS**

- The Village's total net position increased by \$259,977 (3 percent) as a result of this year's activities. Net position of the governmental activities increased by \$271,918 and net position of the business-type activities decreased by \$11,941.
- Of the \$10,627,916 total net position reported, \$1,928,811 (18 percent) is available to be used to meet the Village's ongoing obligations to its citizens and customers, without constraints established by debt covenants, enabling legislation, or other legal requirements.
- The General Fund's unassigned fund balance at the end of the fiscal year was \$1,512,109, which represents 160 percent of the actual total General Fund expenditures for the current fiscal year.

#### Overview of the financial statements

The Village's annual report is comprised of four parts: management's discussion and analysis, the basic financial statements, and required supplementary information and an optional section that presents additional information. The basic financial statements include two kinds of statements that present different views of the Village:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the Village's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Village government, reporting the Village's operations in more detail than the government-wide financial statements.
  - O Governmental funds statements explain how government services, like general government, public safety, and public works, were financed in the short-term, as well as what remains for future spending.
  - o Proprietary funds statements offer short-term and long-term financial information about the activities the government operates like a business and include the Village's sewer and water systems.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The financial statements are followed by a section of required supplementary information and other supplementary information that further explain and support the information in the financial statements.

A comparative analysis of the government-wide financial statements for 2022 and 2021 is also presented.

#### **Government-wide financial statements**

The government-wide financial statements report information about the Village as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the Village's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide statements report the Village's net position and how it has changed. Net position (the difference between the Village's assets and liabilities) is one way to measure the Village's financial health, or position.

- Over time, increases or decreases in the Village's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the Village, you need to consider additional nonfinancial factors, such as changes in the Village's property tax base and the condition of the Village's capital assets.

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

The government-wide financial statements of the Village are divided into three categories:

- Governmental activities Most of the Village's basic services are included here, such as public safety and general government. Property taxes and state grants finance most of these activities.
- Business-type activities The Village charges fees to customers to help it cover the costs of certain services it provides. The Village's water and sewer system is reported here.
- Component unit The Village includes in its report the Downtown Development Authority. Although legally separate, this "component unit" is important because the Village is financially accountable for them.

#### **Fund financial statements**

The fund financial statements provide more detailed information about the Village's most significant funds - not the Village as a whole. Funds are accounting devices that the Village uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by state law.
- The Village Council establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and other revenues (like motor fuel taxes collected for the street funds).

The Village has two types of funds:

- Governmental funds. Most of the Village's basic services are included in its governmental funds, which focus on (1) how cash, and other financial assets that can be readily converted to cash, flows in and out, and (2) the balances left at year end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Village's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information that explains the relationship between them.
- Proprietary funds. Services for which the Village charges customers a fee are generally reported in proprietary funds.
   Proprietary funds statements, like the government-wide statements, provide both long-term and short-term financial information.
  - The Village's enterprise fund (one type of proprietary fund) is the same as its business-type activities but provides more detail and additional information, such as cash flows.
  - The Village uses an internal service fund (the other type of proprietary fund) to report activities that provide services for the Village's other programs and activities. The Village's internal service fund manages the Village's fleet of vehicles and equipment.

#### Component unit

The Downtown Development Authority, although legally separate, is included in the Village's financial report because the Village is financially accountable for it. The Downtown Development Authority (DDA) was also created by the Village to capture property taxes from certain taxing units from a specific district within the Village to finance public improvements to that district.

#### FINANCIAL ANALYSIS OF THE VILLAGE AS A WHOLE

#### **Net position**

Total net position at the end of the fiscal year was \$10,627,916. Of this total, \$6,161,221 is invested in capital assets and \$2,537,884 is restricted for various purposes. Consequently, unrestricted net position was \$1,928,811.

#### **Governmental activities**

The governmental activities net position increased by \$271,918 in the current year compared to a \$414,032 increase in the prior year. Revenues increased by \$56,709, primarily due to increases in state shared revenue. Expenses increased by \$198,823, primarily due to increases in expenses in the Village's general government and recreation and culture function, due to increased project costs.

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

The total cost of governmental activities this year was \$1,420,749. After subtracting the direct charges to those who directly benefited from the programs (\$114,797), and operating grants and contributions (\$505,298), the "public benefit" portion covered by property taxes, state revenue sharing, and other general revenues was \$800,654.

#### **Business-type activities**

Business-type activities decreased the Village's net position by \$11,941 in the current year. Total revenues increased by \$67,528, as rates were increased. Expenses decreased by \$18,299 in the current year, primarily due to a decrease in engineering fees.

#### FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

#### **Governmental funds**

At the end of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$3,617,118 in 2022, an increase of \$497,350 from the prior year.

The General Fund is the primary operating fund of the Village. At the end of the fiscal year, its fund balance was \$1,522,510, an increase of \$233,972, as revenues of \$1,176,660 exceeded expenditures of \$942,688.

The Major Street Fund experienced an increase in its fund balance of \$159,917 during the fiscal year, as revenues of \$223,775 exceeded operating and maintenance costs of \$63,858 in the current year. The Major Street Fund has a fund balance of \$896,615, which is restricted for street preservation.

The Municipal Streets Fund had a \$38,588 increase in its fund balance, as revenues of \$252,652 exceeded street maintenance expenditures of \$185,064 and a transfer out of \$29,000. The Municipal Streets Fund has a fund balance of \$341,711, which is restricted for public works.

The Library Fund had a \$30,229 increase in its fund balance, as revenues of \$186,776 were higher than library operating expenditures of \$156,547. The Library Fund has a fund balance of \$634,649, which is restricted for library operations.

#### **Proprietary funds**

The Sewer Fund experienced an operating gain of \$18,830 as user fees covered all current year operating costs. However, during the current year interest expense of \$22,495 decreased net position, so that net position decreased by \$1,320. Total net position was \$2,380,510 at year end, which included an unrestricted net position of \$102,455.

The Water Fund experienced an operating gain of \$13,850 and net position decreased by \$10,621 because user charges do not fully cover operating and financing expenses. Net position was \$2,141,387 at year end, of which \$366,660 is unrestricted.

#### **General Fund budgetary highlights**

The Village amended the General Fund budget during the current fiscal year to increase total expenditures by \$154,838. General government expenditures were increased by \$14,371 and community and economic development costs were increased by \$62,375 for increased costs for planning and zoning.

Revenues were \$27,932 higher than anticipated. Expenditures were \$76,828 less than the amounts appropriated, as all functions were under budget in 2022. The actual increase in fund balance of \$233,972 was \$104,760 more than the anticipated increase of \$129,212.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

#### **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### **Capital assets**

The Village's investment in capital assets for its governmental and business-type activities as of February 28, 2022, amounts to \$8,042,887, net of accumulated depreciation. This investment includes a broad range of assets, including land, buildings, equipment, and sewer and water infrastructure. The decrease in the Village's investment in capital assets for the current fiscal year was \$412,596, which includes \$219,229 in additions reduced by \$417,125 in depreciation and \$214,700 in disposed assets.

The major capital asset additions during the current fiscal year included the following:

- \$20,315 for library books
- \$76,060 for improvements to a Village building
- \$36,326 for improvements to Village roads

More detailed information about the Village's capital assets is presented in Note 5 of the notes to the basic financial statements.

#### Debt

At the end of the fiscal year, the Village had \$1,881,666 in outstanding obligations, reflecting a \$103,000 decrease during the year due to principal payments.

Other noncurrent obligations, in the amount of \$66,500, represent accrued compensated absences.

More detailed information about the Village's long-term liabilities is presented in Note 7 of the notes to the basic financial statements.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The Village's General Fund budget for the next year is set so that revenues are expected to exceed expenditures, with a decrease in general government spending. Major revenues, including taxes and state grants, will not increase significantly in the foreseeable future. Water rates will remain stable and sewer rates will increase during the upcoming fiscal year.
